October 2, 2015
William Madsen, PhD

William Madsen is the founder of the Family-Centered Services Project. Provides international training and consultation regarding collaborative approaches to working with families and assists community and government programs develop institutional practices and organizational cultures that support family-centered work. He has written many articles and is the author of Collaborative Therapy with Multi-Stressed Families (2nd Edition) and Collaborative Helping: A Strengths Framework for Home-Based Services.

November 20, 2015
Judith Rowan, PhD

Dr. Rowan is a licensed psychologist and diplomat in sex therapy. She has held faculty appointments at Dartmouth Medical School, Antioch University of New England, and University of New Hampshire. She has taught courses in sex therapy for psychiatry residents and psychology interns, master’s and doctoral students, and master’s students in marriage and family therapy. She currently serves on the N.H. Psychological Society Board of Directors.

Course Objectives

- Examine the importance of the attitude or relational stance they bring to the relationships with clients.
- Absorb a principle-based practice framework that can help workers/therapists respond flexibly to unpredictable clinical situations.
- Explore a questioning process that elicits and amplifies family abilities, skills and know-how to help them more effectively address difficulties confronting them.
- Explore methods of assessment and treatment of the major sexual dysfunctions.
- Successfully use the Sexual Desire Checklist to assess problems of desire.
- Develop a systemic approach of balancing relationship and sexual concerns to arrive at satisfying solutions to sexual desire problems.
- Learn the secret of what every man should know about women and what every woman should know about men.
