

# Direct care offers many rewarding job opportunities.

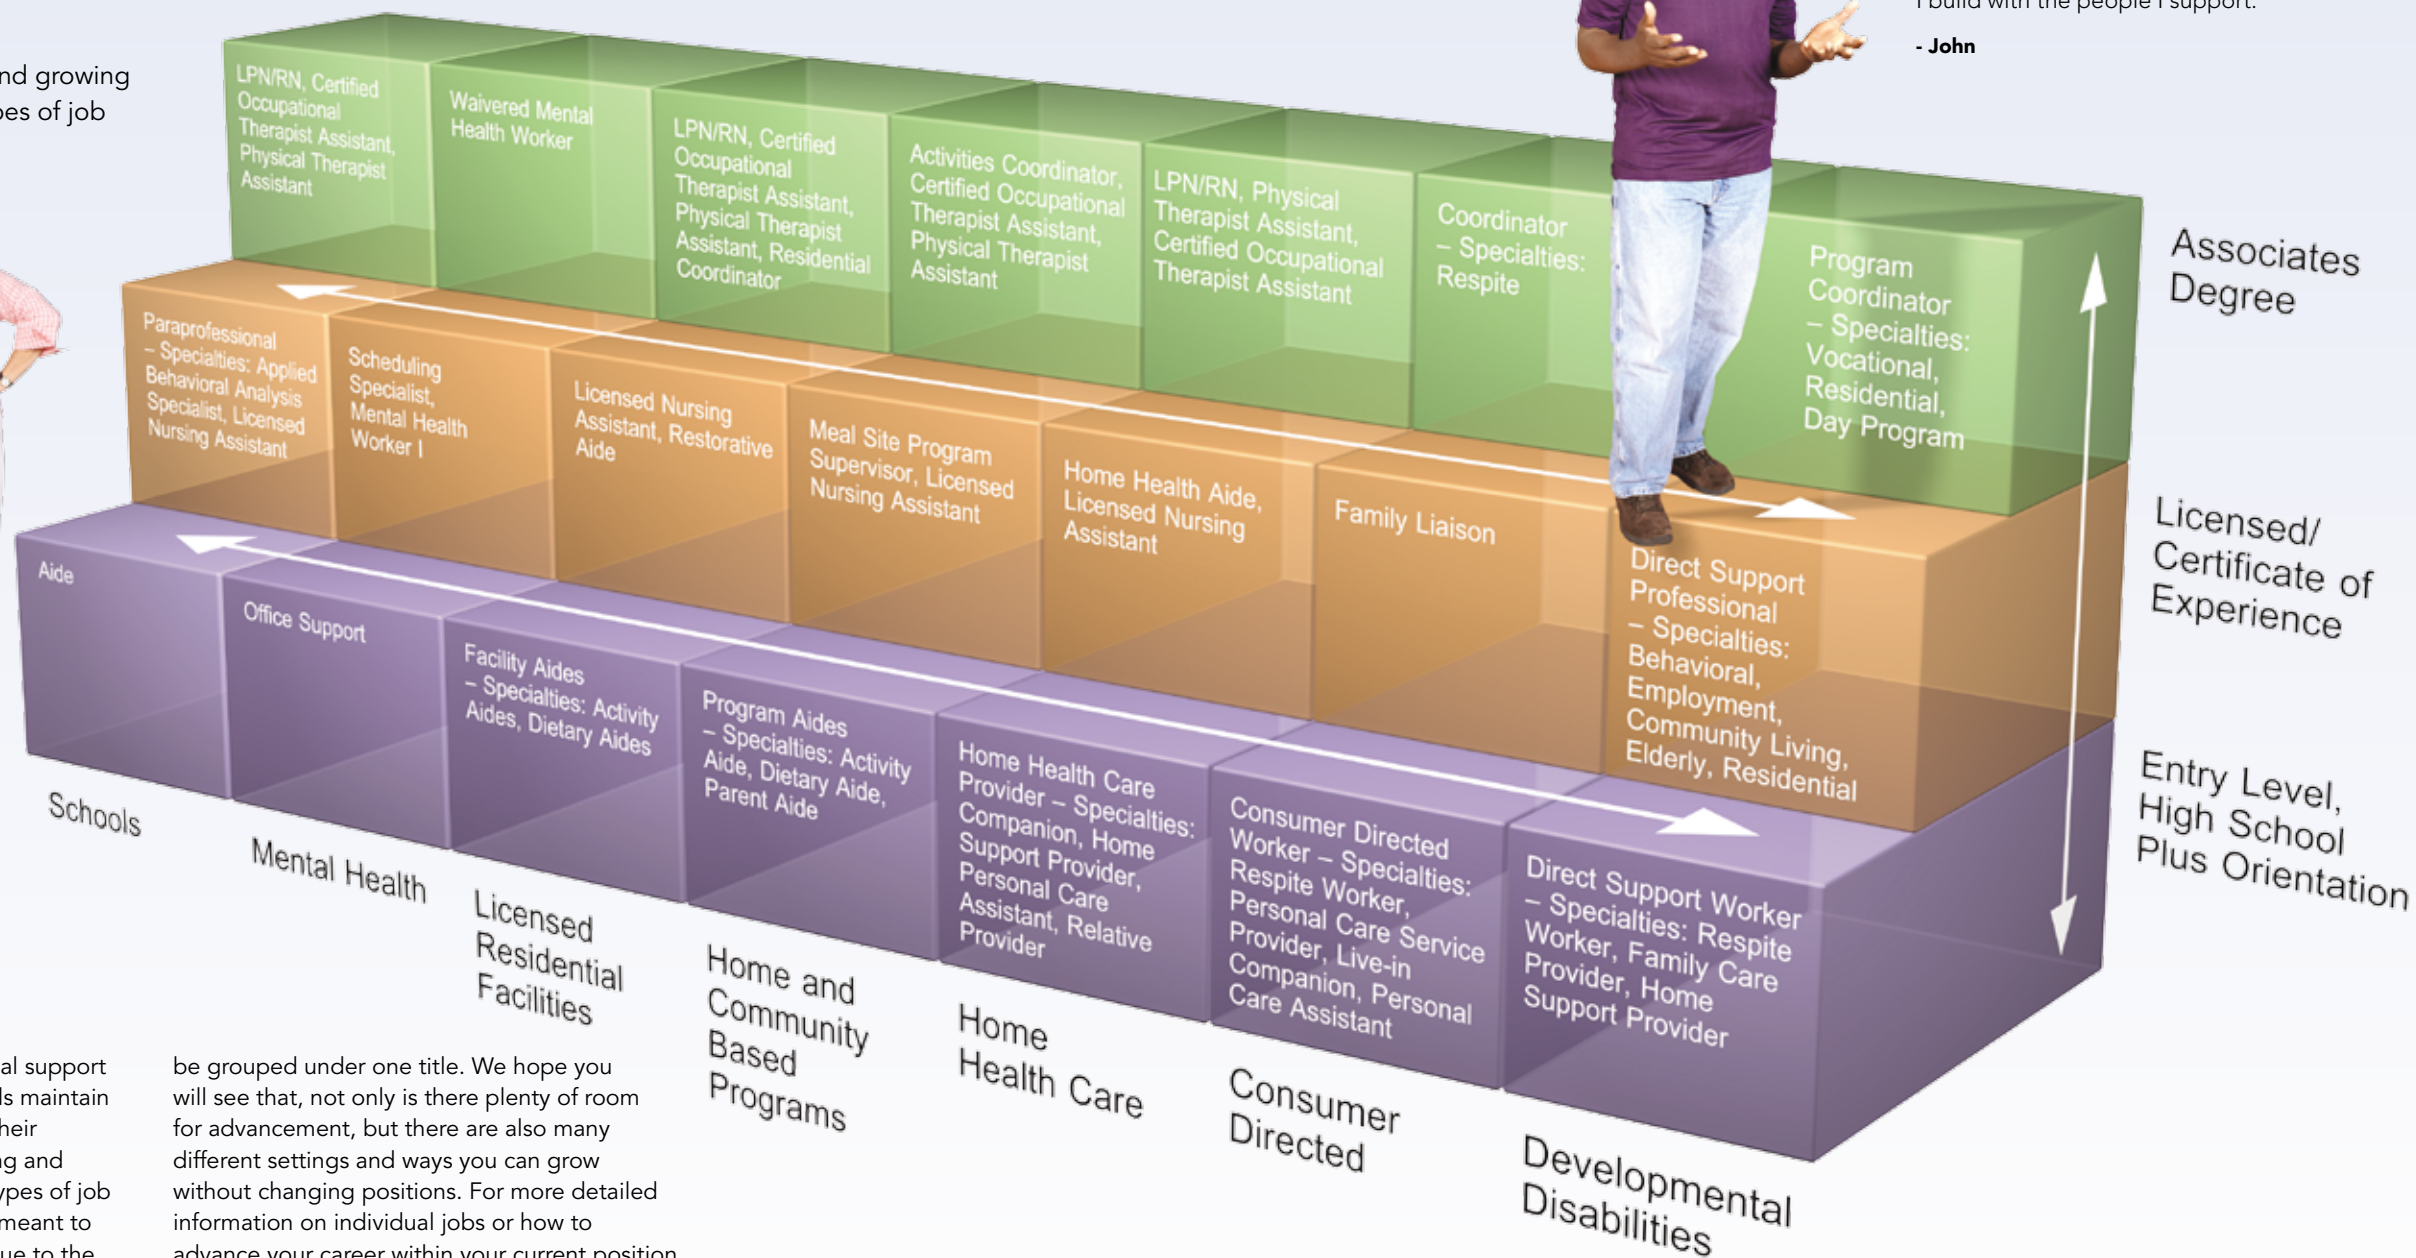

"Direct care is an exciting and growing field with many different types of job opportunities."

- Pat

"I enjoy the flexibility and relationships I build with the people I support."

- John

## How to use this guide.

Direct care workers provide personal support and assistance that helps individuals maintain independence and connection to their community. Direct care is an exciting and growing field with many different types of job opportunities. This career guide is meant to be an introduction to these jobs. Due to the amount and variety of opportunities, not all jobs may be represented or some jobs may

be grouped under one title. We hope you will see that, not only is there plenty of room for advancement, but there are also many different settings and ways you can grow without changing positions. For more detailed information on individual jobs or how to advance your career within your current position visit <https://directconnectnh.org> and click on career guide.
