

## WHAT IS OUTDOOR LEADERSHIP AND MANAGEMENT?

UNH's outdoor leadership and management program prepares students for work in outdoor programs, parks, and public or commercial recreation settings. Our graduates are guides, leaders, directors and managers of agencies that provide healthy outdoor activities for people across the lifespan. Our curriculum combines experiential learning in urban, rural and backcountry landscapes with a classic liberal arts education. You'll gain a solid foundation in the theories, philosophies and methods of outdoor recreation leadership and management while gaining skills in outdoor activities such as climbing, canoeing and backpacking. This program will prepare you for dynamic careers in outdoor education, adventure programming, outdoor recreation management, parks and protected areas management, youth and afterschool programming, and conservation.

# WHY STUDY OUTDOOR LEADERSHIP AND MANAGEMENT AT UNH?

Ranked as one of Money Magazine's "10 best colleges for people who love the great outdoors," UNH is the premier academic setting for students pursuing careers in the outdoor industry. The outdoor industry is prominent in all areas of New Hampshire. There is no better place for honing your skills than in the state's towering mountains and cliffs, scenic coast and waterways, or iconic ski areas. This award-winning, internationally recognized program is the oldest nationally accredited program of its kind in the United States. As a student in outdoor leadership and management, you'll build competencies through coursework and an applied internship. You will gain the administrative, management and leadership skills necessary to work in a diverse array of public, private and non-profit outdoor organizations. Our program has 100% internship and job placement.
