

Join Us!

Join colleagues across rural NH, ME, VT, and northern New York who are treating individuals with a substance use disorder.

This ECHO supports rural providers and clinical teams in their treatment and prevention of substance use disorder with an interdisciplinary approach.

Substance Use Disorder ECHO

Engage in virtual case-based learning covering important rural SUD topics, such as:

- Stimulants
- Stigma and bias
- Vaccines
- Co-occurring disorders

3rd Wednesday of each month
Sessions begin January 19, 2022
12:00PM-1:30PM

To apply, visit the [enrollment application](#).
