Join an interdisciplinary learning community of medical, social, community & facility-based long-term care providers

# Project ECHO<sup>®</sup>

## Aging, Community, and Equity

*Interdisciplinary approaches to support those living with memory impairment*

**SESSIONS BEGIN JANUARY 2023**

Second Wednesday of every month from 12:30-2 PM EST on Zoom

*Priority given to rural sites in ME, NH, VT, and Northern NY*

### TOPICS INCLUDE:

- Cognition, COVID, and Aging
- Framework of age-friendly systems (the 4Ms)
- Equitable solutions for rural communities
- Interdisciplinary approaches within the long-term care continuum
- Person-centered care to support choice and control
